If any taxes of any nature now exist or are subsequently imposed by Federal, State or Local Laws—such taxes must be added to the sales price and collected in cash as a separate item at time of sale.

A. B. FARQUHAR COMPANY, Limited
YORK, PENNA.

TARIFF SCHEDULES FOR F.O.B. TRANSFER DELIVERIES

All prices quoted in this price sheet are f. o. b. York, Pennsylvania.

For delivery f. o. b. any "Transfer Point" or Warehouse, a surcharge tariff must be added to cover carload rate of freight.

Present Transfer Points are shown below, and surcharge tariffs per 100 lbs. are listed applying.

Transfer Point	Surcharge per 100 lbs.	Shipping Weights
Putnam, Conn.	36 cents	Shipping Weights are shown in this Price Book covering each item. * * * Multiply surcharge per 100 lbs. by the weight to find tariff for F. O. B. Transfer Delivery.
Fairfield, Maine	46 cents	
Presque Isle, Maine	71 cents	
Randolph, Vermont	43 cents	
Mansfield, Ohio	37 cents	
Carleton, Michigan	42 cents	
Fort Wayne, Indiana	46 cents	
Fond du Lac, Wisconsin	59 cents	
Minneapolis, Minnesota	87 cents

Denver, Colorado	\$1.33	
Idaho Falls, Idaho	\$2.37	
Twin Falls, Idaho	\$2.37	
Nampa, Idaho	\$2.37	
Portland, Oregon	\$1.00	

SURCHARGE SUBJECT TO CHANGE WITHOUT NOTICE METHOD OF FIGURING TARIFF

To arrive at dealer cost f. o. b. Transfer Point, simply find your dealer cost f. o. b. York by deducting the dealer discount applying—and add the transfer tariff. To find the amount of transfer tariff, multiply surcharge per 100 lbs. by the weight (in terms of the number of 100 lb. units and fraction thereof). In setting this up on your order, list the f. o. b. York cost of goods as one item and the tariff as a separate item.

FREIGHT ALLOWANCE SOLID CARLOAD PURCHASED BY DEALERS

Shipments direct from factory in car lots shall be invoiced at factory price, the dealer paying the freight to destination. A freight allowance of the actual freight paid, up to but not exceeding forty cents (.40) per hundredweight, will be credited upon receipt of the paid freight bill.

CARRY-OVER CLAUSE

All machines, not exceeding 50% of those shipped during any one period and remaining on hand, unsold as of the net due date of that period, and not previously carried over, are to be settled for by negotiable non-interest bearing notes, payable to A. B. FARQUHAR COMPANY, Limited, York, Pa., subject to the cash discounts of the next period terms, or due net on the next period net due date.

If prices increase or decrease between the date of the original order and the time the dealer exercises his carry over privilege, then the increased or decreased price is to apply to that part of the stock to be carried over, and this differential will be invoiced or credited at the original due date, or at the time the dealer exercises his carry over privilege.

PAST DUE ACCOUNTS

Six percent interest charged on all past due accounts.

All other opening plows furnished with four tube fertilizer arrangement.

Distributor for high and low analysis fertilizers, (Fig. 74 or Fig. 640) furnished as extra when so ordered.

If planters are wanted with Shield Opening Plow (Fig. 576), add letter "S" to the number, thus 410S; if Single Disc Opening Plow (Fig. 142) add letter "A"; if Deep Opening Plow (Fig. 631), add letter "D".

If double disc opening plow for eliminating center ridge (Fig. 655) add letter "G."

CHECKING SHEET IN ORDERING PLANTERS

First—Know definitely what is required.

- 1—Acreage farmer proposes to plant. (To determine whether one or multiple row planter.)
- 2—How quickly crop should be planted. (To determine whether one or multiple row should be recommended.)
- 3—Whether Planter is to be horse-drawn or tractor-drawn.
- 4—Assisted feed or Automatic type.
- 5—Single or Multiple row planter.
- 6—If multiple row, the row width.
- 7—With or without fertilizer attachment.
- 8—High or low analysis fertilizer.
- 9—Style of opening plow.
- 10—What size covering discs.
- 11—If assisted feed—whether 10 pocket or 15 pocket for large seed; or 12 pocket or 18 pocket for small seed.
- 12—With or without Spacer Attachment on assisted feed.
- 13—Regular size seed hopper, large size seed hopper, or Western Seed Hoppers.
- 14—Regular or large size fertilizer hopper.
- 15—On one or two row planters, whether with spring relief.
- 16—On two row automatic planters whether with or without running (foot) board.

After the proper size planter is selected, then any special or extra attachments are of course, to be added to the base price of the planter.

NOTE—Both Automatic and Assisted feed planters are built with the same frame. Thus, either the automatic or the assisted feed hopper can be changed at will on the same frame. If the farmer has an assisted feed planter and desires to change to an automatic, he needs only to buy the automatic hopper and substitute it for his assisted feed hopper, to make the conversion—or vice versa.
